The 7th Annual

Heritage Poster Contest

for Saskatchewan students

How to Get Involved

Step 1: Students Create a Poster

1. The poster must depict an existing historic place located within the province of Saskatchewan.

2. The poster must be no larger than 56 cm by 71 cm. Each entry is to be the creation of an individual artist. Only one entry per artist is permitted.

3. Posters may be colour or black and white and in any hand-crafted art form, including crayon, pencil, pen & ink, paint or charcoal. Computer-generated entries will not be accepted.

4. The poster must be accompanied by a statement written by the student which describes why he or she feels the place is of heritage significance to the community. The length of these statements should be as follows:

- Primary (Grades 1, 2): 1-2 sentences
- Junior (Grades 3, 4, 5): 3-5 sentences
- Intermediate (Grades 6, 7, 8): 1-2 paragraphs
- Senior (Grades 9, 10, 11, 12): 2 paragraphs, or up to 1 page

• Statements for entries in the Theme Category should follow the length guidelines appropriate for the grade of the student.

5. Students are to sign their posters in the lower right-hand corner. The statement of significance, along with a separate piece of paper identifying their name, age, grade and school/home school address, should be attached to the back of the entry. If the student wishes for their poster to be considered for the theme award, this must be indicated as well.

Step 2: Submit Posters to the Contest

1. Teachers select posters to submit entries to the contest. Posters must be received at the Ministry of Tourism, Parks, Culture and Sport in Regina by April 12, 2010.

Please submit entries to:

Heritage Poster Contest
Ministry of Tourism, Parks, Culture and Sport
9th Floor, 1919 Saskatchewan Drive
Regina, Saskatchewan
S4P 4H2

2. Posters submitted will be reviewed by a jury made up of representatives from arts and heritage community. Posters will be judged according to the following criteria:

- Detail and expression of the historic place
- Quality of the drawing and illustration
- Quality of the statement of significance
- Representation of the theme category (for thematic award)

(The scoring criteria used by the jury may be found at:

3. All artwork submitted to the contest will be returned to the artists through their schools or home schools, along with a certificate of participation.

4. The winners will be invited to Regina, accompanied by a parent, relative or guardian, to attend an award ceremony to be held during May, 2010.

5. Those artists whose entry is selected as a winner in the contest agree to the non-profit use of their poster and statement by the Ministry of Tourism, Parks, Culture and Sport for a period of one year, after which all rights for usage revert to the artist and the poster will be returned.

2010 Theme Category

Each year, a prize is awarded to the poster entry that best reflects a particular theme. For 2010, the poster contest theme category is THE HERITAGE OF SPORTS AND RECREATION IN SASKATCHEWAN.

The 2010 Winter Olympic Games in Vancouver offer an opportunity to consider and celebrate the important role that sport and recreation facilities have played in the development of our province, our communities, and our citizens. Across Saskatchewan, participation in sport and recreation improves individual health and well-being while fostering community pride and economic development. The gyms, fields, trails, stadiums, rinks, stampede grounds and other places associated with sport and recreation are important gathering places for the community and reflect the history of personal and team achievements that often define a community's spirit and character.

For a poster to be considered for the heritage of sport and recreation theme award, it must depict a historic place that is associated with sport and recreation activity in the student's community or elsewhere in the province. The statement of significance should indicate how the place is or was associated with sport and recreation activity, why it is considered historically significant and, where possible, how it has contributed to the growth and development of the community.

All entries for the theme award will be considered in their respective grade category.

What is a Historic Place?

A historic place is any location that is considered significant because of its association with past peoples and events, its architecture or design, the scientific information it reveals or the cultural or spiritual meaning the place possesses. These places tell the story of the land and the people and the building of our communities. They reflect the settlement and use of the land by First Nations and Métis people, the homesteading by pioneers and the developments in agriculture, industry, science, transportation and government that affect us all.

Examples of historic places are everywhere in our towns, villages and rural areas. They include such places as homes, schools, fur trade posts, farms, ancient campsites, railway stations, ceremonial places, parks, hunting sites and ruins of buildings. Some of these places are formally recognized at the municipal, provincial or national level for their heritage significance, while others are known locally as heritage landmarks.

For more information on some of the historic places in Saskatchewan, look in the Saskatchewan Register of Heritage Property located at <http://www.tpcs.gov.sk.ca/heritage-property-search> or the Canadian Register of Historic Places located at www.historicplaces.ca

Other sources of information on historic places include:

- Local history books and other publications on Saskatchewan history.
- Interviews with grandparents, Elders, and others in the community.
- Municipal offices and libraries.
- Local museums and archives.
