

# INVITATION AND REGISTRATION

## Canadian Association for Young Children—CAYC

### A Saskatoon Sneak Peek Event—October 15, 2011

A gathering, discussion, tour, and hands-on play-based experience are planned for you! This is an invitation to join other interested professionals in the formation of a CAYC satellite group in Saskatoon.

The Canadian Association for Young Children, founded in 1974, is the only national association specifically concerned with the care and education of young children, birth through age nine. It enjoys membership in all parts of Canada, and internationally as well. Our members include parents, teachers, early childhood educators, administrators and other professionals associated with early learning and care. CAYC exists to provide a Canadian voice on critical issues related to the quality of life of all young children and families.

The Saskatoon Satellite group will strive to provide professional development opportunities related to the wants and needs of its local membership.

Please see the following schedule of activities for the day. If you are unable to attend for the full event, you are welcome to join in as your time and schedule allow.
