

Children's Discovery Museum School Visits

The Children's Discovery Museum on the Saskatchewan is a hands-on, interactive centre committed to serving the needs of children ages ten and under by providing exhibits and programming that stimulate curiosity and motivate learning. Our museum facilitates exploration as we believe that it is through self-guided discovery that children enhance their learning processes. We encourage children to use their imagination, creativity, and critical thinking skills. We are offering two options for school visits in 2009-1010:

Exploration Visit

Free play in the Museum and a craft to take home.
Cost: \$3.50/child.

Discovery Visit

Available for Kindergarten, Grade One and Grade Two classes only. Free play in the Museum, a craft to take home and one of our 30-40 minute Discovery Programs (see attached). Cost: \$4.00/child.

Visits are two hours and must be booked in advance. Available times are Mondays - morning or afternoon, and Tuesdays - morning or afternoon.

Chaperons are free and we require a minimum of 1 adult for every 5 children. Please note that there is **no food or drink** allowed in the Museum. Hungry children are welcome to have a snack on the bench outside the Museum.

Because we close the Museum to the public for the duration of your visit, payment for a minimum of 20 children is required. The maximum number of children per visit is 40.

Come and enjoy the Children's Discovery Museum!
